Science Tokyo Portal

What is the Science Tokyo Portal? The Science Tokyo Portal is the college's official information portal site. It provides the latest updates on the Science Tokyo Authentication System, along with overviews, user manuals, and FAQs for various information systems and services offered by Science Tokyo. 【 Science Tokyo Portal】

You can access the Science Tokyo Auth. System through this portal site. If this is your first time logging in, please be sure to check the "**Initial Settings of Science Tokyo Auth. System**" section below to complete your setup.

* Kindly note that **the Science Tokyo ID**, which is used to log in to the Science Tokyo Auth. System, **is not issued at the time of your enrollment or employment** (For reference, if your enrollment or employment begins on the 1st of a month, your ID will be issued in the second week). To check the status of your ID issuance, please refer to the "Science Tokyo ID Issuance Status" section at the top right of the Portal.

Initial Settings of Science Tokyo Auth. System

Please **make sure to follow the instructions** provided via the QR code to complete your initial setup.
https://www.helpdesk.cii.isct.ac.jp/st/helpdesk/science-tokyo/login_guide-en.html

* Kindly note that you should complete the initial setup when you have sufficient time. In case you stop setup partway, your account may become locked and it could take several business days to restore access to the System.

Science Tokyo Auth. System】

Science Tokyo Gmail

Those who have Science Tokyo ID are provided with both an e-mail address using "m.isct.ac.jp" domain and a mail pool to store their emails. "Science Tokyo Gmail" is a service that allows you to send and receive emails using your assigned "m.isct.ac.jp" email address.
